08:30-08:45																	
08:45-09:00		SS01 Multidisciplinary treatment of EG junction cancer (page 27)	SS02 Robot-assisted surgery for gastric cancer (page 27)	SS03 Early onset and hereditary gastric cancer (page 28)	SS04 How to manage complications in gastric cancer surgery (page 28)	SS05 Evidence of laparoscopic surgery for advanced gastric cancer (page 29)	SS06 How can pathologists help in the selection of patients for target therapy (page 29)	SS07 Existential distress and psychological interventions for patients with advanced cancer (page 30)	EV01 Endoscopy video session (Part I) (page 30)								
09:00-09:15																	
09:15-09:30																	
09:30-09:45																	
09:45-10:00																	
10:00-10:15	Coffee Break						Coffee Break										
10:15-10:30	PR01 Building bridges I – Connecting East and West (page 30)																
10:30-10:45																	
10:45-11:00																	
11:00-11:15																	
11:15-11:30																	
11:30-11:45																	
11:45-12:00	Break						Break										
12:00-12:15	LS01 LILLY lunch satellite symposium	LS02 STRYKER lunch satellite symposium					MT01 Technical aspects of resection, lymphadenectomy and anastomosis in gastric cancer (page 31)										
12:15-12:30																	
12:30-12:45																	
12:45-13:00																	
13:00-13:15																	
13:15-13:30																	
13:30-13:45		SS08 Hot topics in gastric and EGJ cancer surgery (page 32)	SS09 Optimizing multidisciplinary management of localized disease (page 33)	SS10 Prevention of gastric cancer – Biology and Intervention (page 33)	SS11 Immune therapy: standards and perspectives (page 34)	SS12 Proffered papers surgery (page 34)			EV02 Endoscopy video session (Part II) (page 35)								
13:45-14:00																	
14:00-14:15																	
14:15-14:30																	
14:30-14:45																	
14:45-15:00	Break						Break										
15:00-15:15	SL01 Jin Pok Kim lecture (page 35)																
15:15-15:30																	
15:30-15:45	Break						Break										
15:45-16:00			SM01 Radiotherapy as part of multimodal treatment in gastric and EGJ cancer (page 35)	WS01 Basis of radiology for surgeons and medical oncologists, basis of chemotherapy for young surgeons, and basis of surgery for young medical oncologists (page 35)	WS02 Women in visceral surgery (page 36)	WS03 Multimodal treatment in stage IV gastric cancer (page 36)	WS04 Towards individualized treatment of localized disease (page 36)	WS05 Margin or not to margin – Controversies and discussion about resection margins (page 36)	PS01 Best Poster Presenters – Genetics and translational research (page 37)	PS02 Best Poster Presenters – Genetics and translational research and pathology and biomarkers (page 38)	PS03 Best Poster Presenters – Diagnosis and staging (page 39)	WS06 Surviving gastric cancer – Bridging science and the patient perspective (page 39)	SM02 Early gastric cancer (page 40)				
16:00-16:15																	
16:15-16:30																	
16:30-16:45																	
16:45-17:00	Poster Session 1 (Beer&Pretzel/Wine&Cheese)																
17:00-17:15																	
17:15-17:30																	
17:30-17:45																	
17:45-18:00																	
18:15-18:30
